How to Find Out.

Fill a bottle or common glass with  
urine and let it stand twenty-four  
hours; a sediment or settling indi-  
cates a diseased condition of the kid-  
neys. When urine stains linen it is  
positive evidence of kidney trouble.

There is comfort in the knowledge  
so often expressed, that Dr. Kilmer's  
Swamp Root, the great kidney reme-  
dy fulfills every wish in relieving pain  
in the back, kidneys, liver, bladder  
and every part of the urinary passage.

It corrects inability to hold urine  
and scalding pain in passing it, or  
bad effects following use of liquor,  
wine, or beer, and overcomes that un-  
pleasant necessity of being compelled  
to get up many times during the  
night to urinate. The mild and the  
extraordinary effect of Swamp-Root is  
soon realized. It stands the highest  
for its wonderful cures of the most  
distressing cases. If you need a  
medicine you should have the best

## WORKING FOR UNION. Presbyterian Churches North And South.

Below is a resolution adopted by rep-  
resentatives of the branches of the  
Presbyterian churches in Louisville,  
known as the Northern and Southern.  
This step taken, in our opinion, tends  
in the right direction. "In union  
there is strength." We would be  
delighted should the branches of the  
Presbyterian churches here take like  
action for a union of these two would  
make a strong organization and their  
efforts for good work be increased ac-  
cording to their strength. We hope  
the brethren here will follow in the  
movement begun in Louisville, and  
likewise throughout the entire coun-  
try. It will be seen the leading  
lights of the churches in Louisville  
have agreed, let there be union.

Resolved, That we earnestly favor  
the union of the two branches of the  
Presbyterian Church, commonly  
known as the Northern and Southern  
branches. That we deplore the  
present state of separation and be-  
lieve that it is an obstacle to the pro-  
gress of Christianity and injurious to  
the influence of that body of Chris-  
tians which adhere to the Presbyte-  
rian faith. That in the interest of the

## W. GODFREY HUNTER, Republican Nominee For U. S. Senator.

At the Republican caucus at Frank-  
fort on last Saturday W. Godfrey  
Hunter was nominated on first ballot.  
The vote was: Hunter, 38, Holt, 15,  
Boyle, 5, Lewis, 4, Yerkes, 2. The  
indication is that balloting for an  
election will not begin until the 23rd,  
inst., Lieut. Gov. Worthington, so de-  
ciding.

Miss Frankie Cheatham has taken  
rooms with Mr. James Thomson and  
family in the residence on E. Main  
street lately occupied by Dr. Drake,  
where she would be pleased to see  
her friends. Miss Frankie is thor-  
oughly apace with all the latest and  
most fetching fashions in dress gar-  
ments for spring and summer, and  
her past record as a tasty modiste is  
sufficient evidence that she will give  
her customers satisfaction.

Andy Gibbons will be Henry Gil-  
lispie's Deputy should he be elected to  
the office of County Clerk. Andy is  
a sprightly young man and would  
make an acceptable Clerk.

Policeman Amos McGaughey was  
acquitted at Lawrenceburg of the  
charge of killing Al Woods.

HORSES AND MULES.  
A good many mules on the market  
and trade was very dull. It looked  
like there was no demand for them at  
all. Horses were also slow. Sale  
little or nothing doing.

The name of W. R. Nunnally has  
been placed on the ballots by the  
voters of this Magisterial district as a  
candidate for Magistrate, subject to  
the action of the Democratic Primary,  
the 26 inst.

This is an action by the people  
where the place seeks the man, and  
which is determined by his merits;  
an old time custom. Mr. Nunnally is  
an unwavering and uncompromising  
Democrat. Would make a careful  
officer and take care of the people's  
interests.

## Nerves

Are the Messengers of Sense,—the Telegraph  
System of the human body.  
Nerves extend from the brain to every part  
of the body and reach every organ.  
Nerves are like fire—good servants but hard  
masters.  
Nerves are fed by the blood and are therefore  
like it in character.  
Nerves will be weak and exhausted if the  
blood is thin, pale and impure.  
Nerves will surely be strong and steady if  
the blood is rich, red and vigorous.  
Nerves find a true friend in Hood's Sarsapa-  
rilla because it makes rich, red blood,  
do their work naturally and well,—  
the brain is unclouded, there are no  
neuralgic pains, appetite and diges-

Of the great sales attained and great  
cures accomplished by Hood's Sarsa-  
parilla is quickly told. It purifies  
and enriches the blood, tones the  
stomach and gives strength and vigor.  
Disease cannot enter the system forti-  
fied by the rich, red blood which  
comes from taking Hood's Sarsapa-  
rilla.

ache, indigestion, biliousness. All

## Good News!

The Columbia Finance and Trust  
Company will on Saturday, March  
27th, distribute a 5 per cent. dividend.

Geo. W. Bain lectures in Carlisle on  
the 18th under the auspices of the  
ladies of the Presbyterian Church.  
Subject, "The Old Man and the New  
Woman." Why not have the "Old  
Man and the New Woman" in Mt.  
Sterling?

Miss Mildred Voris is in Cincinnati  
this week studying the spring styles  
and fashions in dress-making. See  
her when she returns.

## To the Democratic Voters.

Having in my former race for  
County Clerk been slandered, malign-  
ed and traduced, I am not surprised  
at the methods that are now being  
used to defeat me in my present one.  
Of the many "crimes" of which I may  
be guilty, yet I have never, since I  
have been a voter, cast other than a  
Democratic vote, the statement of my  
opponents to the contrary notwithstanding.  
If my success depends on  
making misrepresentations concern-  
ing the gentlemen who are my oppo-  
nents, I will be defeated. Give me a  
fair deal, and measure me by my  
merits. Respectfully,  
W. B. O'CONNELL.  
Wright's Celery Tea cures constipa-  
tion, sick headaches. 25c at druggists.

Kingdom of Christ and for the ad-  
vancement we are willing and hearti-  
ly desire to see the union of the two  
branches, being willing to consider  
only the present and future good of  
the church, and in this spirit we urge  
and recommend our brethren in all  
our churches as individuals and of-  
ficers and in the capacity of sessions  
and presbyteries to have such steps  
taken at the coming spring meetings  
as will bring about action upon this  
subject at the next meeting of the  
general assembly. Signed—Shack-
